

Fort Rucker Subcontracting Opportunities

Troy University Dothan Campus
Library/Technology Building, Sony Room
September 2, 2010, 10:00 am – 12:00 pm

MGC Roofing & Construction Inc. & I.L. Fleming Inc., a teaming partnership for the newly awarded Job Order Contract (JOC), is looking to pre-qualify subcontractors of all construction trades for upcoming work located at Fort Rucker Army Base, Alabama. On Thursday, September 2, 2010, at 10:00 am, MGC will conduct a briefing in Dothan, Alabama, at the Troy University Dothan Campus (Library/Technology Building, Sony Room) to discuss their subcontracting needs and requirements.

The briefing will provide potential subcontractors including all construction contractors and vendors/suppliers of construction materials, an opportunity to meet MGC's procurement team. During this session MGC wants to assist all interested companies to better understand FAR requirements and MGC's procurement policies as they pertain to performing maintenance construction work with MGC at Fort Rucker.

The briefing is cosponsored by Troy University's Procurement Technical Assistance Center (PTAC), Small Business Development Center and Center for International Business & Economic Development (CIBED). The program will be conducted in Dothan, Alabama, on the campus of Troy University, in the Sony Room located on the first floor of the Library/Technology Building. For more information contact Monica Stephens at mstephen@troy.edu or (334)674-2425.
